Description

During unit testing of DocParser it was found that there is no document title if the first heading in the document has level greater than 1 (and there it no pandoc title).

Correct parser behavior to be investigated since it breaks the DOM (no root element).

History

#1 - 06/27/2024 04:55 PM - Oleksandr Ivanov

- Due date set to 06/27/2024

- Status changed from New to In Progress

- Target version set to 0.2.4

- Estimated time set to 3:00 h

In addition to the initial issue, it was observed that sometimes one document tree contains sections from two documents.
Investigation with unit tests indicated that initial algorithm of DOM creation was incorrect.
